

Brock University Facilities Management

To Whom It May Concern,

Over the past few months Group 92 has been a part of several small electrical projects at Brock University. We have been very impressed with the quality of work, timely response, excellent communication and job efficiency. The level of professionalism and overall interest in meeting Brock's changing scope and requirements has been refreshing. Group 92's electrical team has proven competent and able to meet the needs of Brock University.

Yours Truly,

Scott Johnstone
Manager, Electrical Team
Facilities Management
Brock University
